Yeah, we have all been played out at this point. To get our attention now you need to say something like,

"Earth Shattering, Paradigm Shifting, Life Changing, Exclusive News!!!!!!!!!"

And even then, we will be extremely skeptical.

Then we'll need to invent new hyperbolic phrasing to supersede the existing ones until we can recycle.

This twitter account is bullshit and I suspect run by a young IG celeb who has tried to hijack a lot of Trump's energy and claim it as his own. We'll be in Washington DC, because Trump wants us to and it makes damned good sense, not because of some Twitter page.

About all that would work is trump tweeting “when you come, bring rifle”.

That is really all I can see coming. Can you imagine Trump standing in front of thousands only to tell them they'll try again in 2024??

He would become the enemy of them very quickly.

And I'm sorry you cream your pants every time someone says tick tock like some sort of Pavlovian dog. Rumors and hints aren't worth shit. People are running around like this is some sort of reality show with cliff hangers at the end of each day. Fuck that, this is life and death and we need need facts and clarity, not a bullshit hype machine.

A nation's leader speaking at a protest right after his opponent is selected as the victor in a disputed election actually would be a **very** big deal

That is the sort of thing that topples governments

Sure, and every day is pretty historical right now, but people are reacting to this like it's going be "the big thing" and "it's happening". This is a rally group posting. They do not have big world changing inside information.
